Free XHTML/CSS Templates For Web Design

All templates in this section are FREE, tableless, W3C-compliant web design layouts designed by Template World designers. These templates have been tested and proven compatible with all major browser environments and operating systems.

LICENSE: These templates are licensed under **Creative Commons Attribution 2.5 License**. This means that you are free to modify the design to suit your tastes in any way you like, but you must include the provided link back to Template World.

NOTE: Template ZIP archive does NOT contain the source files, **contact us** and we will email you the PSD's.
